

CSI:360

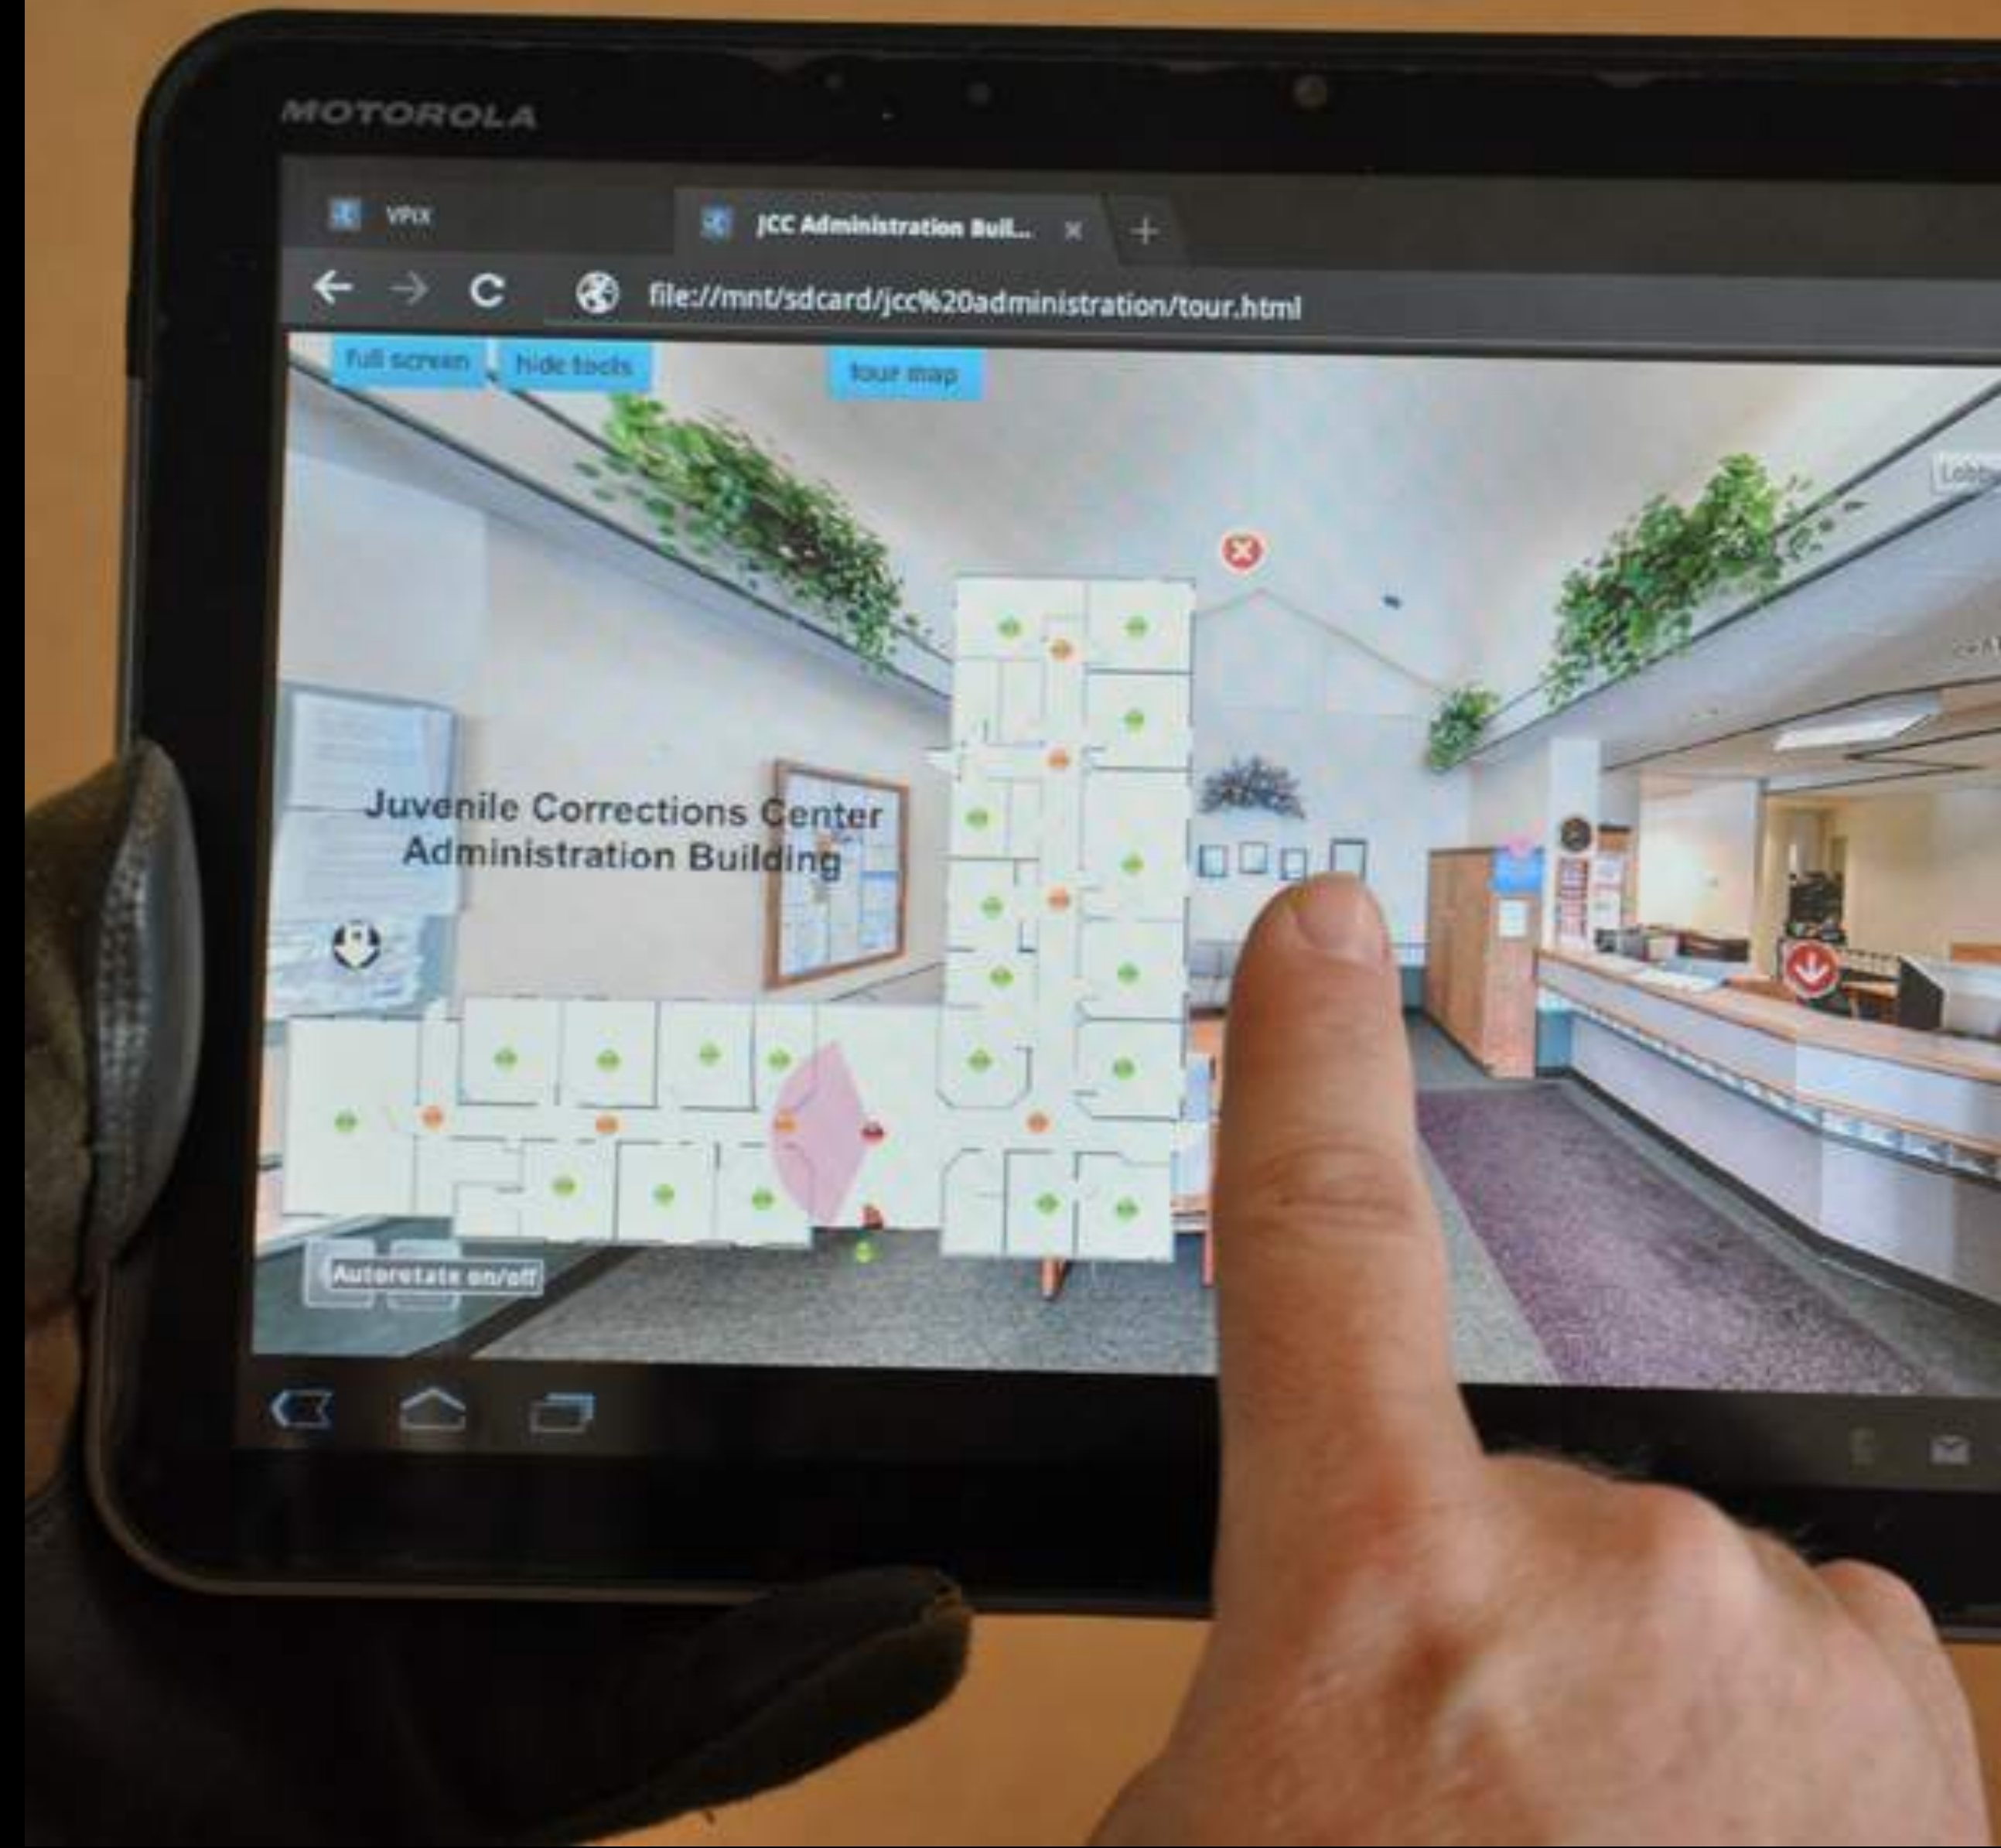

CRIME SCENE RECONSTRUCTION

BART Wilson, Sr. CSI360 Instructor

sales@csi360.net. Tel: (719) 481-3160 Ext. 1

WHAT WE DO

- **CSI:360 gear:** 360° rotators, cameras, drones, 50+ boom cam rigs, lights, close up lenses.
- **Crime Scene Reconstruction:** software in the cloud or 360° CSI360 servers installed at your agency.
- **Training:** Hands-on with Zoom or on-site training (your place or ours) for law enforcement agencies, fire-arson scene investigators, FBI and homeland security.

HOMELAND SECURITY: 360'S OF PUBLIC SCHOOLS

FREMONT HIGH SCHOOL

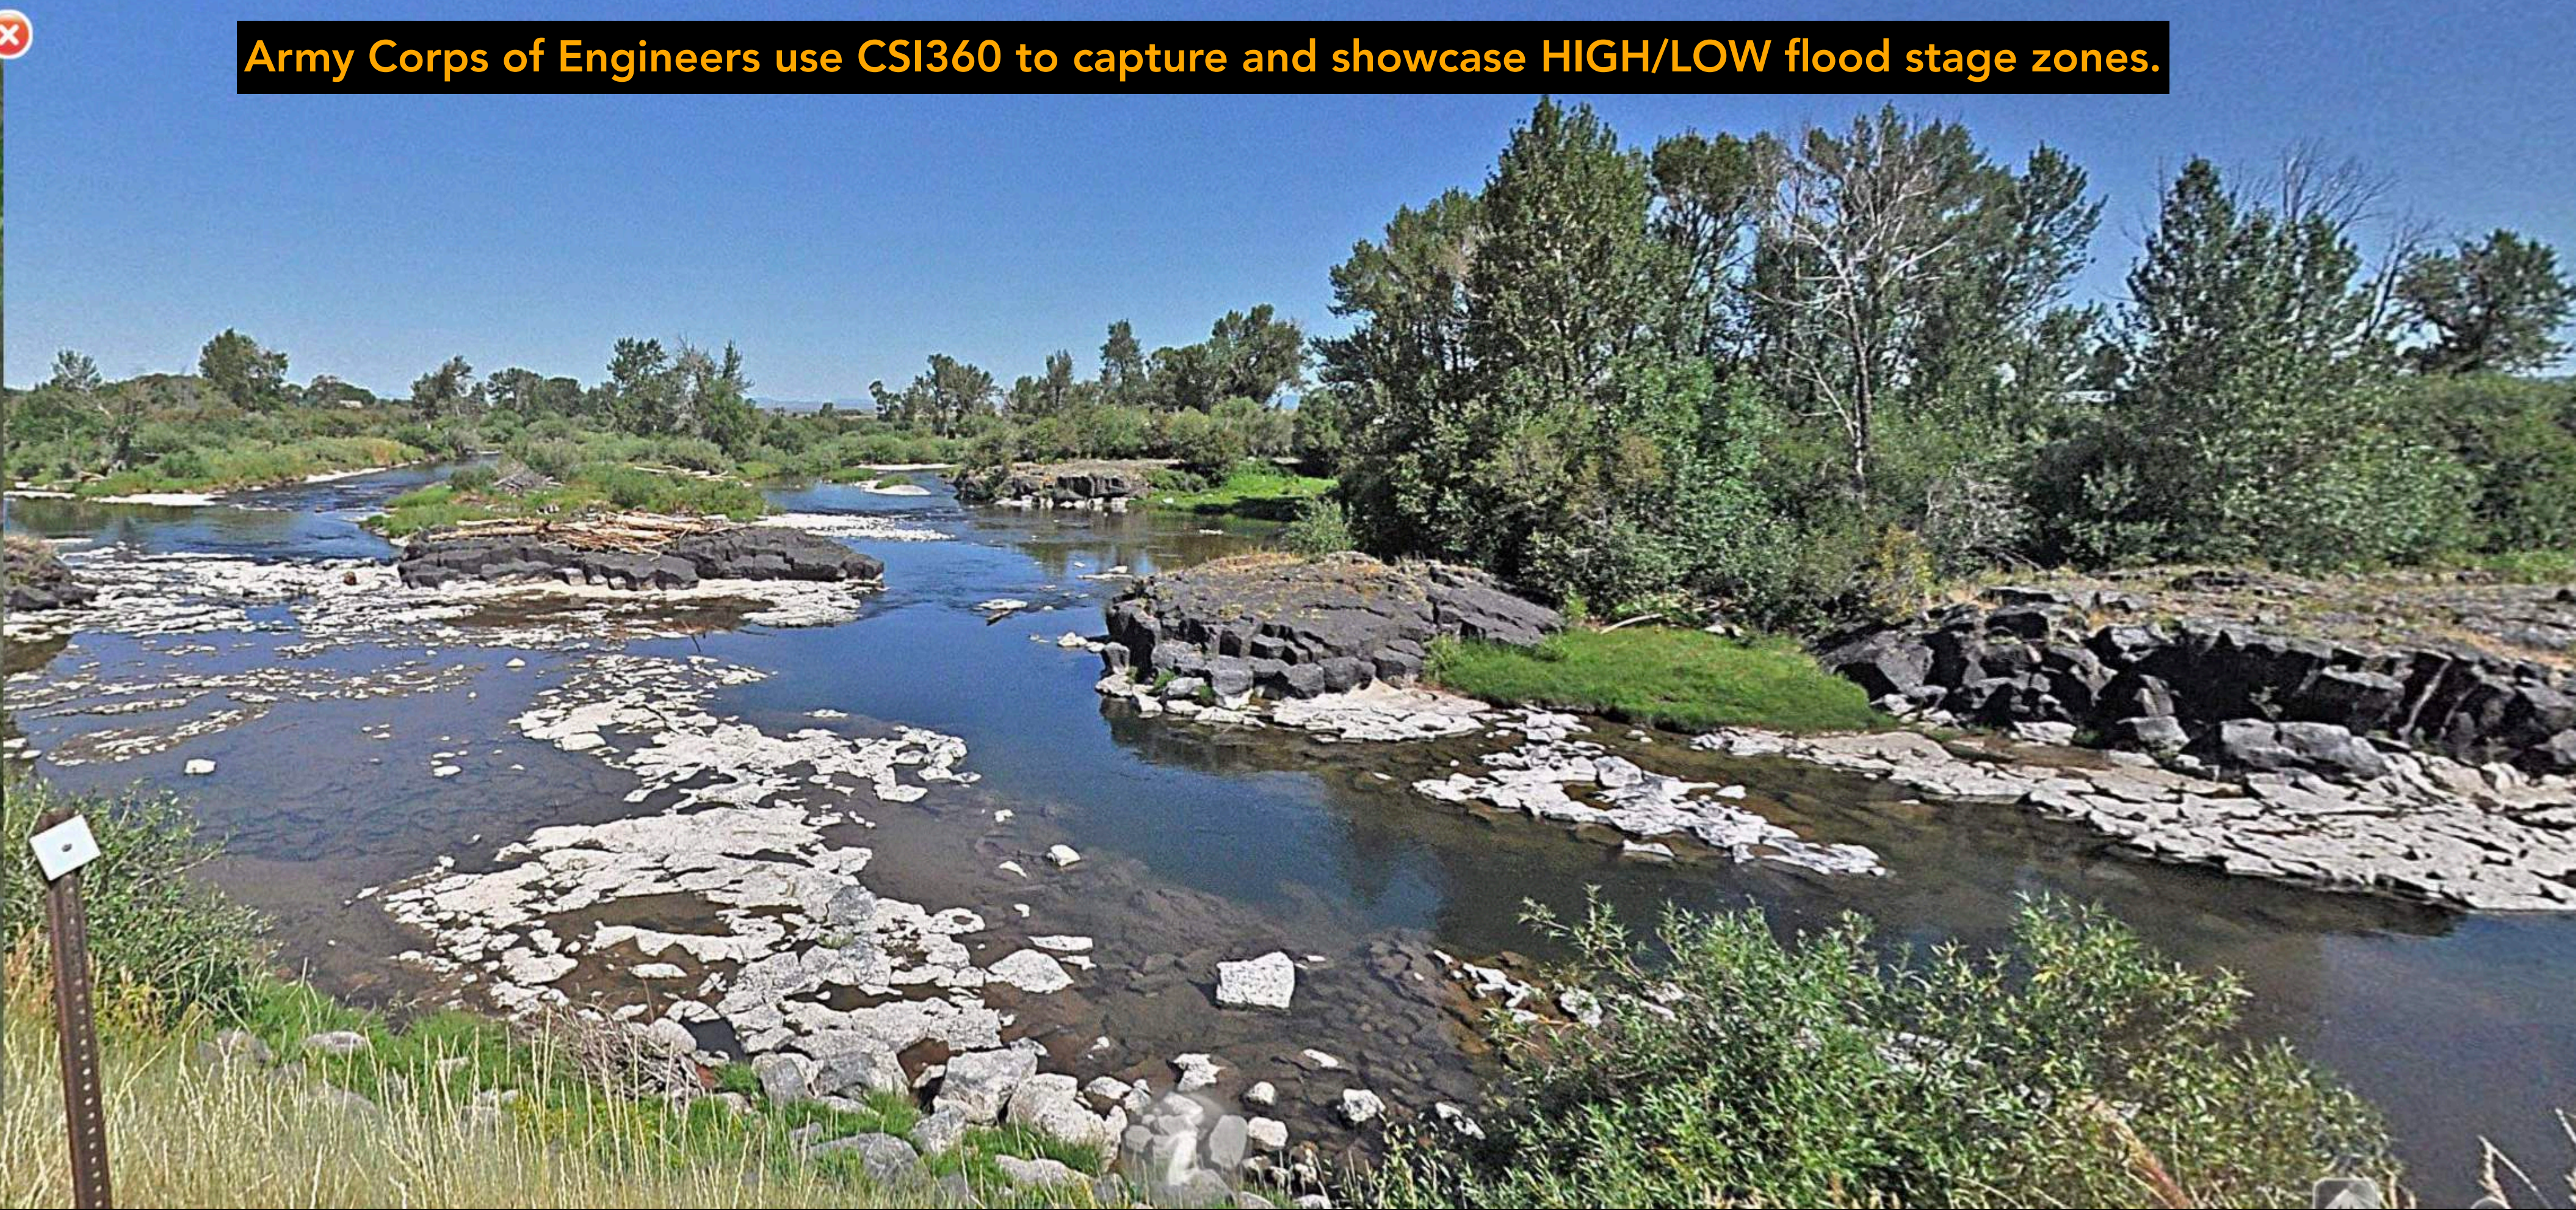

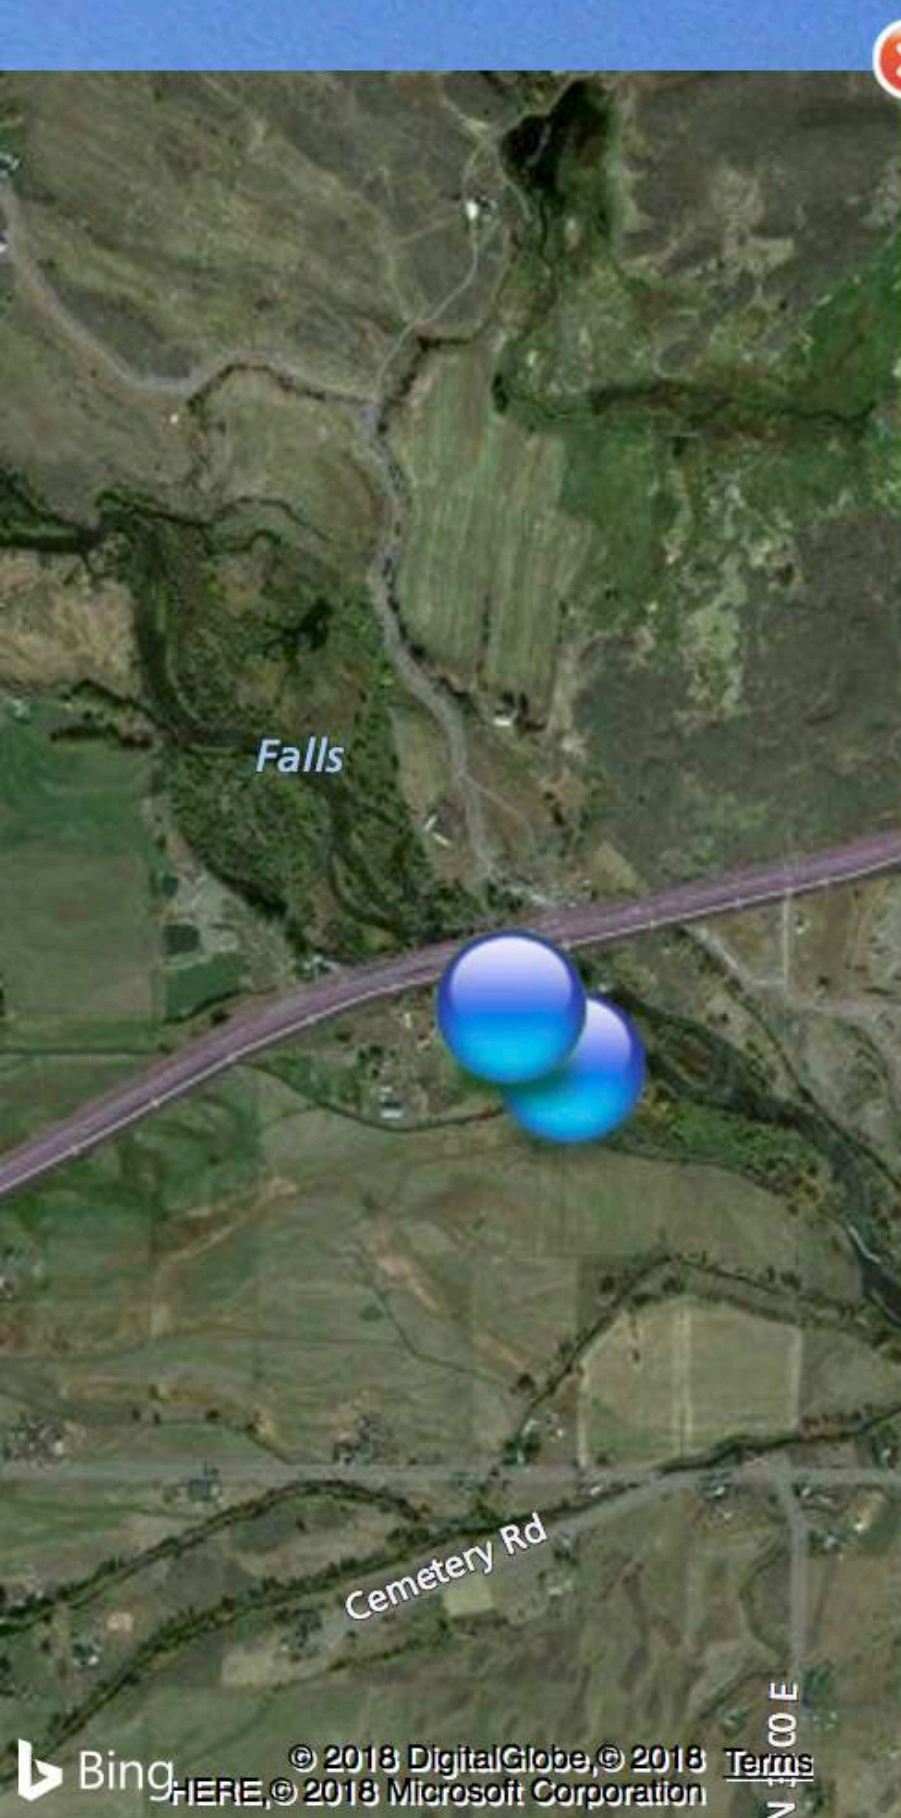

Local police/Sheriff captures entire 360s of local schools in event of an active shooter situation.
First responders have complete 360 walk through of the school.
This has been proven to be a valuable tool which has saved lives.

HIGH - LOW WATER LEVELS FOR FLOOD MITIGATION

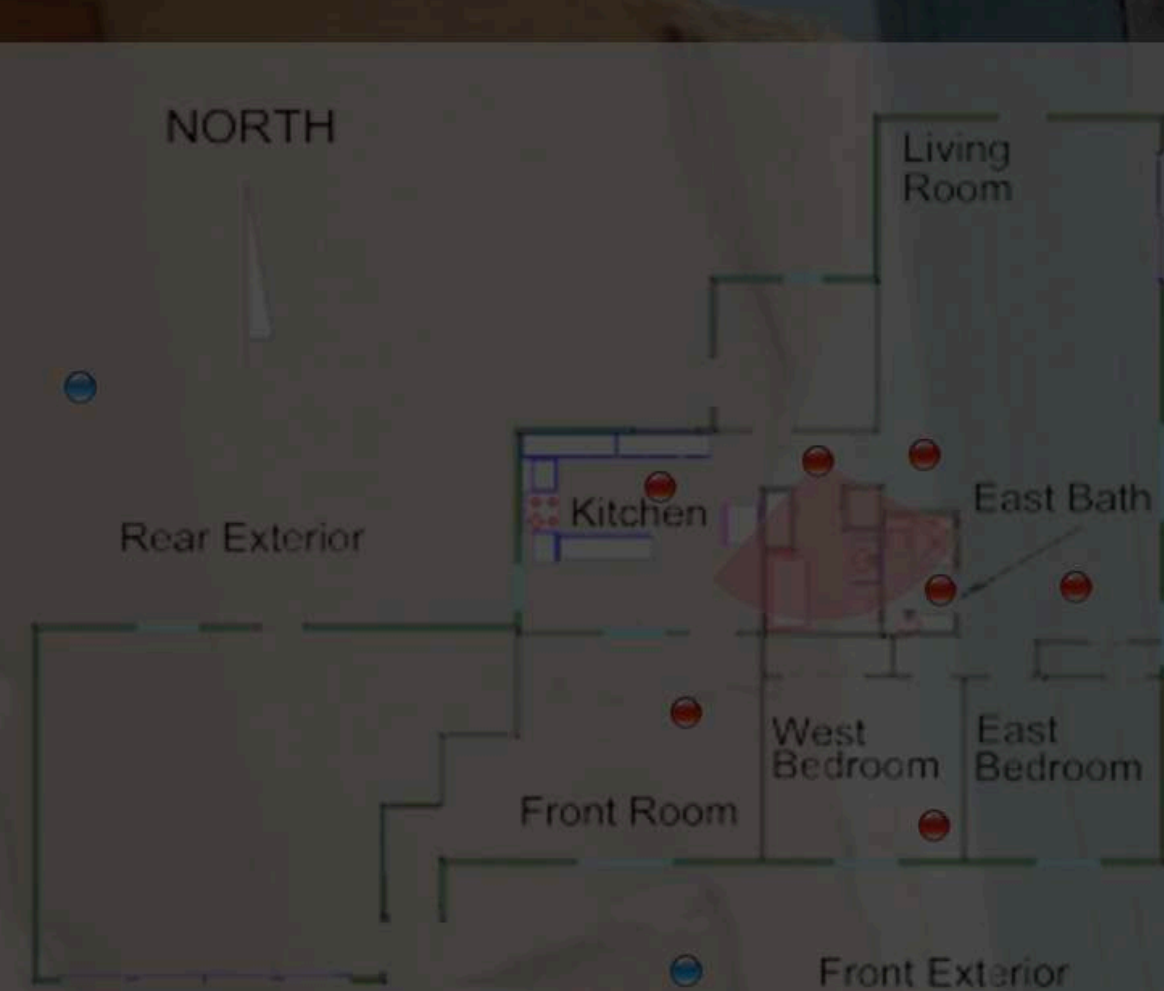

US ARMY CORPS OF ENGINEERS

Army Corps of Engineers use CSI360 to capture and showcase HIGH/LOW flood stage zones.

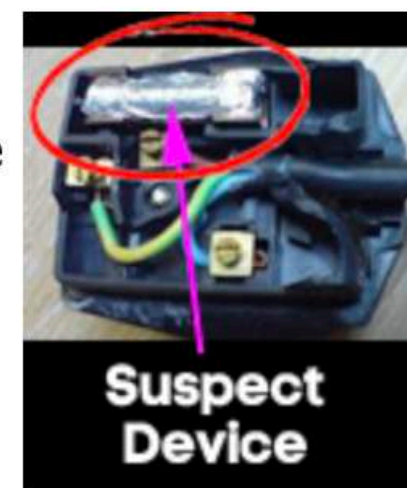

FIRE-ARSON SCENE INVESTIGATIONS

360° RECREATION

Evidence Marker 3

Evidence of an accelerant was found in the corner along with an electronic delay system. Could be evidence of insurance fraud.

Fire-Arson investigators use CSI360 to capture 360's of structures to help Identify potential signs of arson.

NEW: 360° DEATHSTAR

- All-in-one 360 camera. Tactical. Easy and fast to set up. Sets up in less than 10m with 24-ft Manfrotto mast.
- HD panoramas are processed inside the camera. Automatically.
- Csi360 crime scenes are easy to recreate as you just pull the SD card out of the camera and get right to work.

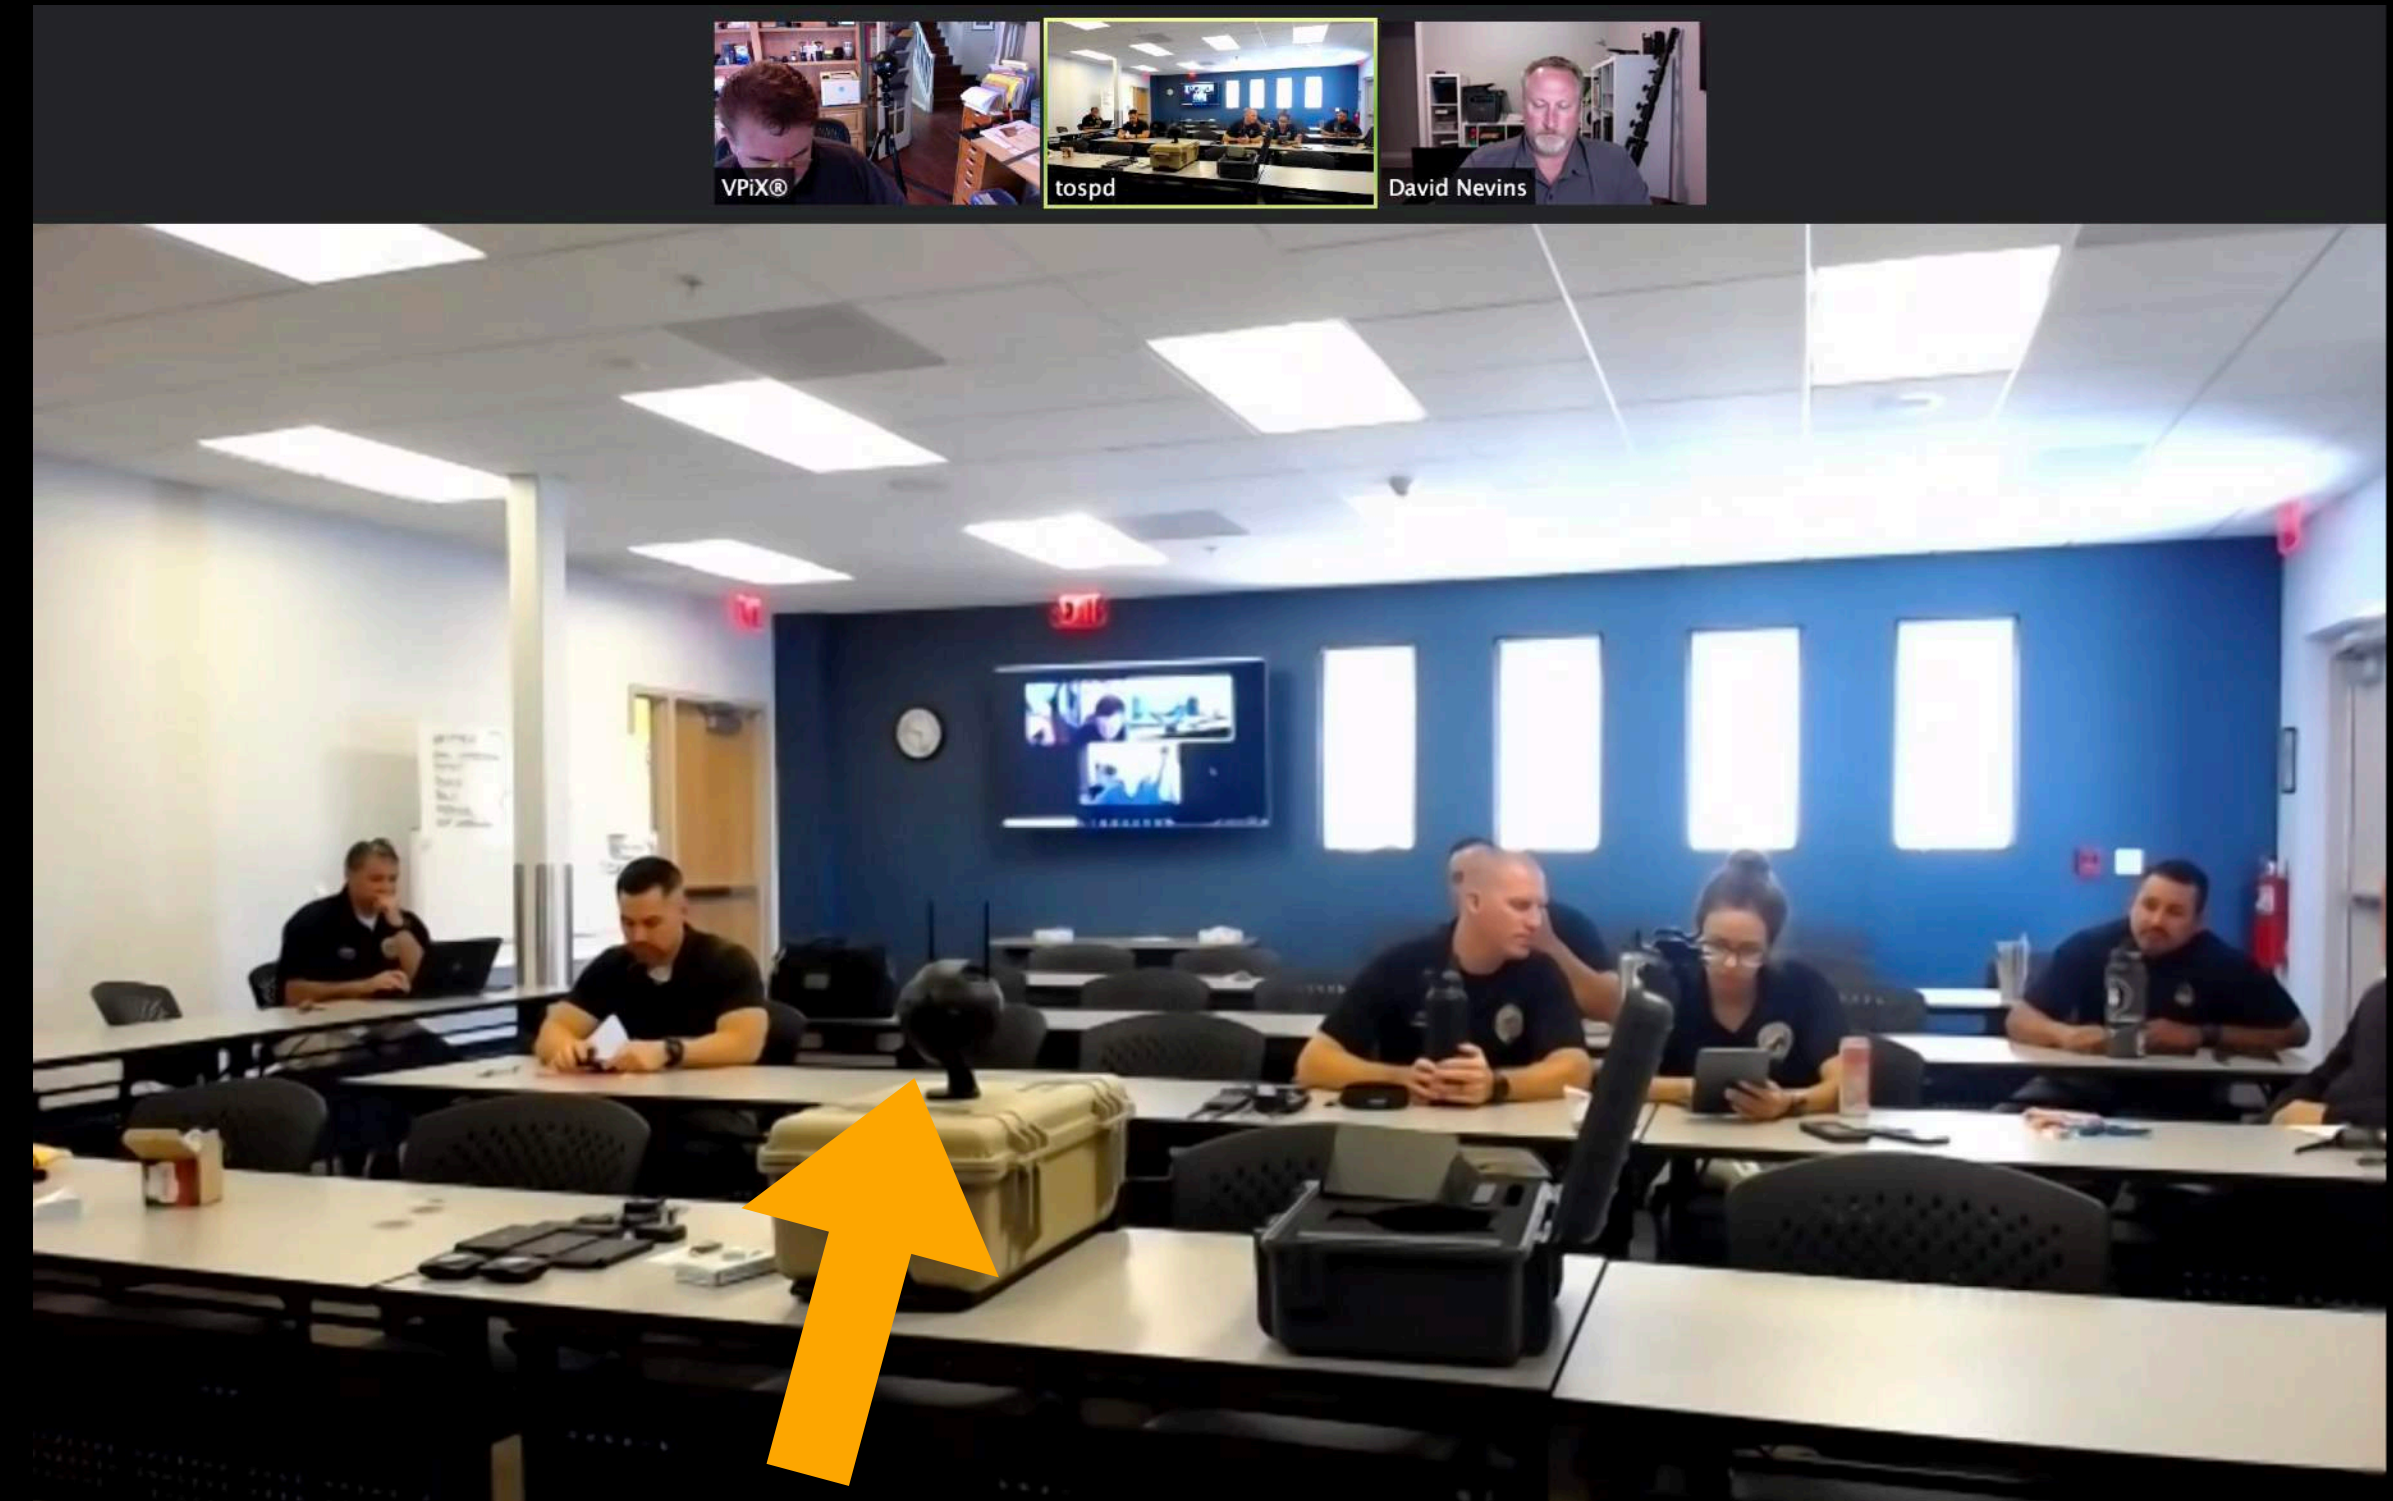

STATE POLICE: Best rated 360° tactical camera in 2020, 2021 and 2022.

COST: Complete 360 kits, Manfrotto 24-ft mast, training and annual CSI360 software license cost ranges from \$11,400 to \$17,900

ZOOM CSI:360 TRAINING

- We teach your LEOs, detectives and crime scene technicians how to use the 360 cameras and recreate a 360 crime scene step by step.
- CSI360 bootcamp is taught on Zoom or live in person, if you like to send your team to Monument, Colorado.
- We can also come to your place and train, too.

The Tactical 360 camera is popular. The Sahuarita Police buy one every year.

ABOVE: Actual Zoom training for the Sahuarita Police Department (Arizona)

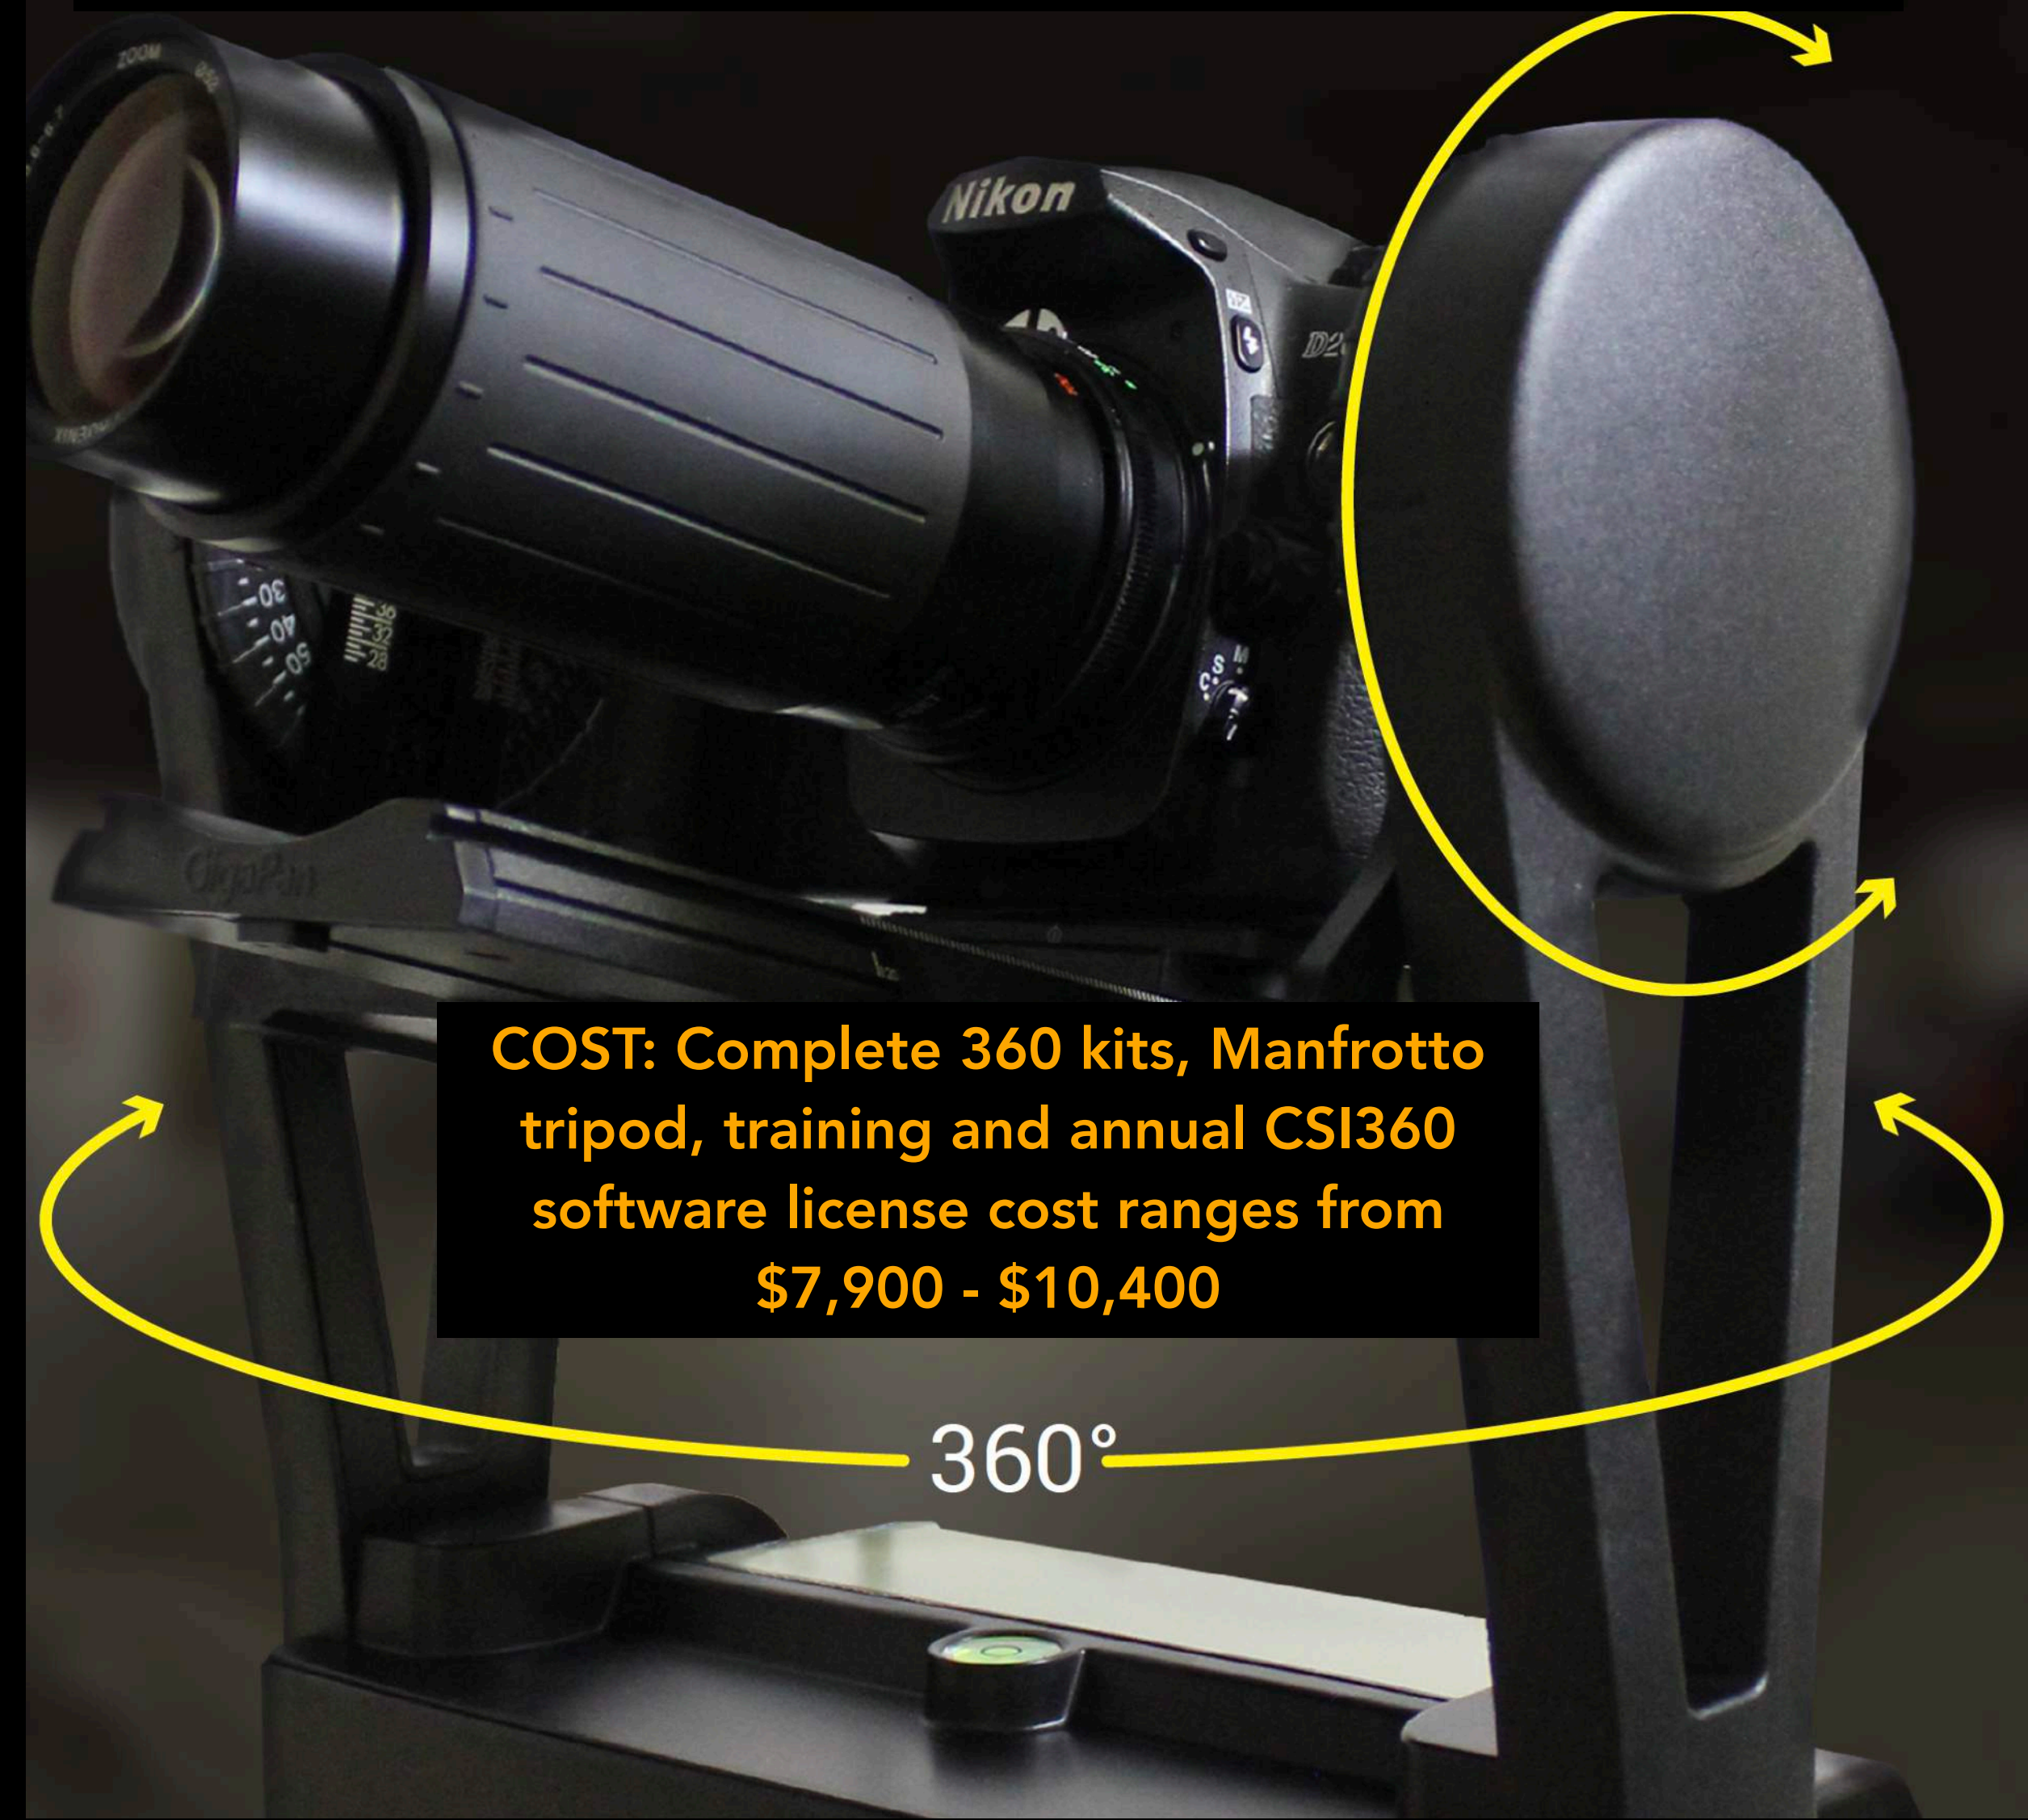

GIGAPAN XTREME

- **Automated:** 360° automatic capture system. Just set up, press three buttons and it shoots your entire crime scene for you.
- **Any DSLR:** Works with any DSLR and most any lens.
- **Extreme Zoom:** Up to 30X zoom in on evidence without pixelation or image degradation.

CSI^{360°}

NEW: GIGAPAN XTREME 360

Extreme close up panoramic shots up to 30X zoom in with no distortion. Ideal for crimes scenes that require a lot of post processing and zoom-in evidence views.

COST: Complete 360 kits, Manfrotto tripod, training and annual CSI360 software license cost ranges from \$7,900 - \$10,400

360°

360 UPGRADES

- Affordable CSI360 upgrade kits for your existing Nikon or Canon DSLRs.
- 4-stop precision rotator + Sigma 8mm f/3.5 lens.
- Highest detail possible from shooting any crime scene.
- CONS: You have to manually stitch your 360s. (Post processing).

COST: Complete 360 kits, Manfrotto tripod, training and annual CSI360 software license cost ranges from \$7,900 - \$9,100

360 CRIME SCENE SOFTWARE SERVERS (SAAS)

- We can create+build your crime scene 360s on secure [rackspace.com](https://www.rackspace.com) servers for as low as \$2,995/year. Cisco firewall included.
- Create + host CSI360s on your own server at your own data center for as low as \$3,749/year
- Unlimited crime scene tours and exports onto CD-ROM, and removable media include USB jump drives.

You can EXPORT crime scenes from the CSI360 server to USB Jump drive, too.

CRIME SCENE RECONSTRUCTION + AERIAL SURVEILLANCE

DRONE TRAINING FOR LAW ENFORCEMENT

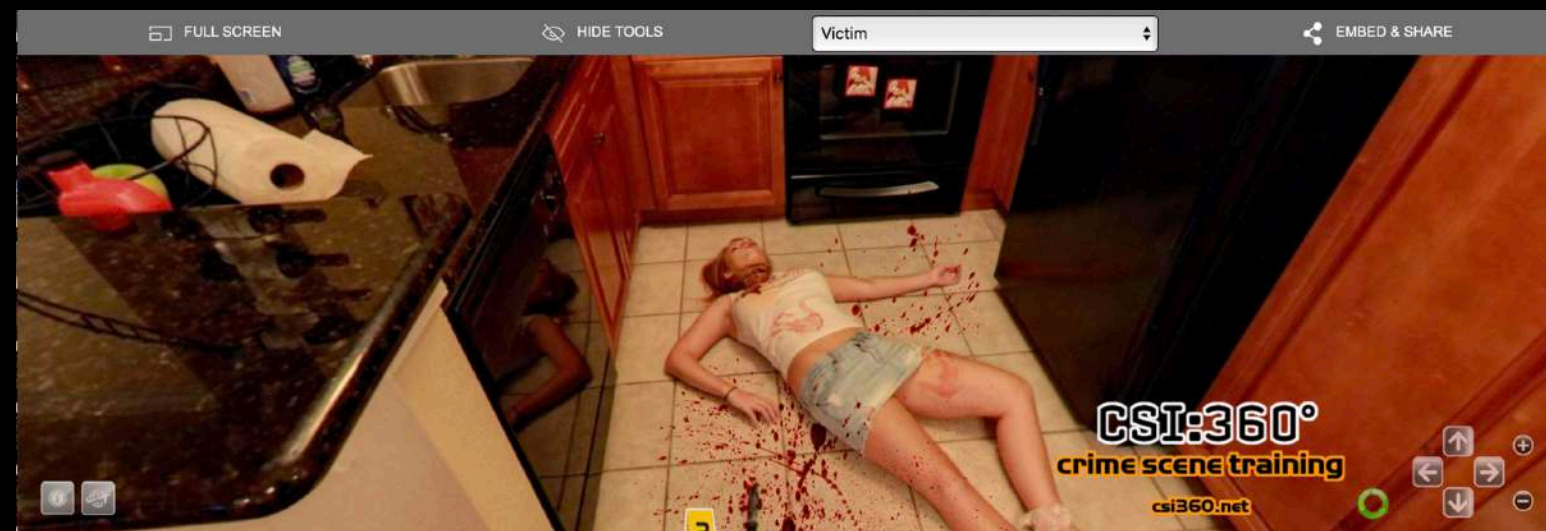

CSI360° DRONE
E-129

CSI360 provides training on all of the popular drones including:
DJI, Autell and Skydio 2+
